

Maxfield

Research & Consulting

Breaking Ground since 1983

Rob Wilder
Research Associate

GENERAL BACKGROUND

Rob joined Maxfield as a Research Analyst in December of 2013. Since joining Maxfield, Rob has been integral to wide variety of real estate research projects including Market Rate General Occupancy Rental, Workforce LIHTC Developments, Single-family and Townhome Development, Senior Housing, Mixed-use Projects and Comprehensive Housing Needs analyses.

Rob routinely applies his educational background in Economics to his research assignments. He is passionate about staying on top of economic and market trends, and not afraid to take deep dives into the data to provide thoughtful and comprehensive analyses to help clients make crucial decisions.

Most recently, Rob has worked on research assignments in the Twin Cities Metro Area, Greater Minnesota, Wisconsin, Colorado, and Washington State.

EDUCATION

Bachelor of Arts Economics, University of Missouri-Columbia
